- We base our admissions policy on a fair and inclusive system
- We ensure that all parents are made aware of our policies

Employment

- Posts are advertised and all applicants are judged against explicit and fair criteria
- Applicants are welcome from all backgrounds and posts are open to all
- We may use the exemption clauses of the Race Relations Act and the Sex Discrimination Act where this is necessary to enable the service to best meet the needs of the community

- All job descriptions include a commitment to equality and diversity as part of their specifications
- We monitor our application process to ensure that it is fair and accessible

Training

- We seek out training opportunities for staff and volunteers to enable them to develop anti-discriminatory and inclusive practices, which enable all children to flourish
- We review our practices to ensure that we are fully implementing our policy for equality, diversity and inclusion

The Quality of Education, Personal Development, Behaviour and Attitudes

Our curriculum and ethos are designed to encourage children to develop positive attitudes about themselves as well as towards people who are different from them. They encourage children to empathise with others and to begin to develop the skills of critical thinking. Our curriculum gives children opportunities and experiences to enhance their learning and build their cultural capital. Our positive behaviour management policy promotes equality and diversity. Children are always encouraged to form inclusive attitudes.

We do this by:

- making all children feel valued and raising their self-esteem
- ensuring that children have equality of access to learning and have new experiences and opportunities
- ensuring that all children have access to resources that reflect positive images of culture, ethnicity, gender and disability
- recognising the different learning styles of girls and boys, making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities
- avoiding stereotypes or derogatory images in the selection of books or other visual materials
- celebrating a wide range of festivals
- creating an environment of mutual respect and tolerance
- helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable
- ensuring that the curriculum offered is inclusive of children with special educational needs and children with disabilities
- ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning and in the maintenance of their home language
- Challenging and reporting all extremist behaviour

Valuing diversity in families

- We welcome the diversity of family lifestyles and work with all families
- We encourage children to contribute stories of their everyday life to the setting
- We encourage parents/carers to take part in the life of the setting and to contribute fully
- For families who speak languages in addition to English, we will develop means to ensure their full inclusion

Food

- We work in partnership with parents to ensure that the medical, cultural and dietary needs of children are met

- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them
