

Staff Behaviour and Appearance Policy – Piercings

Our Staff Behaviour and Appearance Policy states that body piercings must be kept to a minimum, however the YMCA accepts that staff may have piercings that are not practical to remove whilst at work.

In these in circumstances, if you have a piercing that you are not willing to remove and it is accessible to children please sign below to confirm that the YMCA will not accept responsibility if your piercings are pulled out or interfered with during your working hours and that you wear them at your own risk.
